Introduction

This student handbook is meant to provide general information to students and parents. It is our wish to provide you with this information so that you know in advance that we recognize and respect the value of each student who attends this high school. We feel it is important to provide information and guidance so expectations are clear, and every student has an equal opportunity to achieve success.

This handbook is not meant to be an exhaustive list of all district policies and procedures, instead, it is meant to serve as a guide for parents and students. District policy numbers are given in parenthesis in each section as applicable for your reference. A complete description of all Penn Cambria School District approved policies are available in the principal's office for anyone to review provided proper notice is given.

We hope that you enjoy the 2024 - 2025 school year at Penn Cambria High School!

Mr. Benjamin Watt
Principal

1:08-2:35 Fourth Period P.M. Announcements at 1:08/Dismissal at 2:35

Homeroom

Students must be in homeroom by 7:40 am. Students are responsible for reporting to homeroom and being in assigned seats on time. Students who are reporting to another room, for **any** reason (ex. make-up work, tutoring, library), must first report to their homeroom teacher every day and receive a written pass to the other area. Students who do not check in with their homeroom teacher to gain permission may be marked tardy for that day.

Tardy Policy

Tardy is defined as not in homeroom when the bell rings at 7:40 AM. It is very important that every student report to homeroom **BEFORE** reporting to another room in the morning (ex. to take a test, make up work, etc.) to avoid being marked tardy. Asking another student to tell the teacher is not a valid excuse and you may be marked tardy. Tardy to school will accumulate throughout the school year. Excessive tardies may result in the district filing with the magistrate. After 8:45 am, a student will be considered half -day absent.

1 st Tardy = Verbal Warning	6 th Tardy = 2 Detention
2 nd Tardy = Official Written Warning	7 th Tardy = 1-Day Suspension
3 rd Tardy = Detention	8 th Tardy = 3-Day Suspension/File with Magistrate
4 th Tardy = Detention	9 th Tardy = 5-Day Suspension/File with Magistrate
5 th Tardy = 2 Detentions	10 th Tardy = Parent/Student Appeal before School Board

Security

While we encourage parental and community involvement, for security purposes, all visitors must gain entrance to the school through the front doors and report directly to the office to obtain a visitor pass. Students are **NOT** permitted to open any doors to allow anyone access to the building. There will only be one entrance into the school building. All students and visitors will have to enter through the main entrance of the school building. The administrators will conduct random searches with metal detectors throughout the school year. Penn Cambria School District continues to employ a school police officer. This officer will be present in all Penn Cambria School District buildings.

Terroristic Threats (Board Policy 218.2)

When an administrator has evidence that a student has made a terroristic threat or committed a terroristic act, the following guidelines shall be applied:

1. The building principal shall immediately suspend the student.[3]
 2. The building principal shall promptly report the incident to the Superintendent.
 3. Based on further investigation, the Superintendent shall report the student to law enforcement officials.
 4. The building principal may inform any person directly referenced or affected by a terroristic threat.
 5. The Superintendent shall recommend expulsion of the student to the Board.
- If a student is expelled for making terroristic threats or committing terroristic acts, the Board may require, prior to readmission, that the student provide competent and credible evidence that the student does not pose a risk of harm to others.
 - If a student is expelled for making terroristic threats or committing terroristic acts, upon return to school the student shall be subject to random searches.
 - In the case of students with disabilities, the district will take all steps necessary to comply with the Individuals with Disabilities Education Act and follow Board policy.
 - In the case of a legitimate threat, the superintendent would make the School Connects call District wide to every parent. The threat and response will be explained to each of the parents/guardians.
 - In the case of a rumored threat that is investigated at the building level and found to be false, the building principal will do a School Connects call to review that the threat was investigated

and found to be rumored and false. The building principal will also complete an announcement or multiple announcements to the students with that same information.

Threat Assessment Team

According to PA Public School Code, Article XIII-E, Threat Assessment refers to a fact-based process for the assessment of and intervention with students whose behaviors may indicate a threat to the safety of the student, other students, school employees, school facilities, the community, or others.

The established PCSD Threat Assessment Team is immediately notified and subsequently follows the Threat Assessment procedures to assess and intervene with the student(s) to determine the level of threat. The goal of this process is to ensure the safety of the school community, and to ensure that the student presenting the threat receives assistance through a range of strategies established in the school and in the community.

ACADEMICS

Admiral Peary Area Vocational Technical School

The basic principle underlying vocational-technical education is to provide graduates with a marketable skill for entry level employment or prepare them for postsecondary education. Penn Cambria provides vocational-technical education as part of Admiral Peary Vo-Tech.

Attendance: If a Vo-Tech student fails to report to homeroom at PCHS but attends Vo-Tech at Admiral Peary, the student will be marked tardy at PCHS. If a Vo-Tech student fails to report to Admiral Peary but decides to attend school at PCHS, the student must sign in at the office by 11:00AM or they will be marked tardy at PCHS.

More specific information about programs offered at Admiral Peary can be found at

Students taking Biology I, English 10, and Algebra I will be taking the Keystone exams this year. These tests are important both to the students and to the district. Students must obtain a mark of proficiency as a graduation requirement or documented completion of remediation of deficient standards.

Honesty in Academic Work (Cheating and Plagiarism)

Cheating and plagiarism are serious academic offenses punishable under the disciplinary code, which may also result in a loss of credit for work in question.

Cheating includes copying other's work or improperly gaining access to answers or questions.

Plagiarism includes copying AND/OR paraphrasing from sources without giving appropriate credit.

"Cutting and pasting" from electronic sources is plagiarism. Teachers may request an electronic version of student work to be checked using plagiarism detection software. This software not only checks online sources, but also checks student papers against each other and against papers submitted by students in previous years.

1st Offense = 1-Day Suspension + Zero on assignment

2nd Offense = 3-Day Suspension + Zero on assignment

3rd Offense = 5-Day Suspension + Zero on assignment

Summer Learning Opportunities

The theory component of driver's education may also be offered as a ½ credit during the school day if a student's schedule permits.

ATTENDANCE

District Attendance Policy (Board Policy 204)

We believe that the educational learning process involves presentation, questioning, discussion, and interaction. The Penn Cambria School District recognizes the important relationship between attendance and learning.

If a student is absent, parents are required to submit a written explanation for the legal absence within three school days of the child's return to school. Failure to provide this may result in the absence being declared unexcused or illegal. A written explanation does not in itself qualify the absence as excused. The absence must be for a legal reason according to the law.

Absences for the following reasons are EXCUSED :	
Personal illness	Quarantine
Death in immediate family	Appearance in court
Impassable roads	Pre-approved family trips
Observance of religious holiday	
Emergency permits due to physical or mental handicap	
Exceptionally urgent reasons approved by the principal or designee	
<i>* Note: A doctor's excuse will be required for each absence exceeding three (3) consecutive days. This excuse should be presented the day the student returns to school.</i>	
Absence for the following reasons are UNEXCUSED :	
Absence for such reasons as skiing, hunting, fishing, visiting out of town, overslept, missed the bus, working at home, etc.	
Absence because of illegal employment	
Truancy	
<i>*Pupils whose absences are unexcused or illegal may NOT be permitted to make up work for credit. Pupils are expected to make up the work for no credit since that work will be required for report periods and final exams.</i> Unlawful absences will be reported to the appropriate authorities as required by Compulsory School Law.	

The school will take the following actions with regards to student attendance.

- At or after the 5th day of a student's cumulative absence (excused or unexcused), a letter of concern will be sent to parent/guardian.
- A maximum of ten (10) days of cumulative lawful absences verified by parental notification shall be permitted during a school year. All absences beyond ten (10) cumulative days shall require an excuse from a licensed practitioner of the healing arts.
- At or after 3 days of illegal/unexcused absences, a letter will be sent home stating that any further illegal/unexcused absences may result in receiving zeroes in all classes for the days illegal/unexcused and may also result in being cited with the District Magistrate (age 17 & under) and/or with probation.
- District staff may refer a student who is fifteen (15) years of age or older to the local children and youth agency, if the student continues to incur additional unexcused absences after being referred to a school-based or community-based attendance improvement program, or if the student refuses to participate in such program.

Under 18 years of age:

- 3 illegal days = Illegal Day Notice (Letter Sent Home)
- 6 illegal days = Is considered habitually truant. A School Attendance Improvement Plan meeting will be required, and an Attendance Improvement Plan will be developed.
- 7 or more illegal days = File with Magistrate

Over 18 years of age:

- 3 Unexcused days = Warning (Letter Sent Home)
- 6 Unexcused days = School Attendance Improvement Plan Meeting

Early Dismissal/ Excusal (Board Policy 204)

Students may be dismissed early for extenuating reasons provided they bring in a written request from their parents and/or guardians to the office prior to the beginning of the school day. Any student dismissed early in excess of ½ a period (42 minutes) shall be considered absent for ½ day.

Class Cuts (Board Policy 204 & 218)

Class cuts are unexcused, illegal absences. Therefore, no work missed during a class cut shall be permitted to be made up for credit. If any subsequent cuts occur, a conference must be held with the parents, the counselor, and/or principal as well as appropriate disciplinary action. Class cut shall be considered as ½ day illegal absence and accumulate in the same manner as other illegal absences.

1st Offense = 1-Day Suspension + Contact Parent + No credit for missed work

2nd Offense = 3-Day Suspension + Contact Parent + No credit for missed work

3rd Offense = 5-Day Suspension + Contact Parent + No credit for missed work

4th Offense = 5-Day Suspension + Failed Course + Reassigned a different course

Make-Up Work (Board Policy 204)

Any time a student is legally absent from school or class, he/she must make up all assigned work. The student must contact his/her teachers within TWO school days after his/her absence to schedule the necessary make-up work. If contact is not made within two school days, all missed work will be considered as zero (0) for grade purposes.

PANTHERS

EDUCATIONAL TRIPS (Policy #204)

Requests for educational tours and trips will be considered as excused absences if prior approval is requested and granted by the respective principal and the duration and frequency do not interfere with the student's educational progress.

Non-school-sponsored educational tours or trips that constitute reasonable cause for absence from school, if the following conditions are met:

- a. A parent/guardian submits a written request prior to the absence to the school principal.
- b. The student's participation has been approved by the Superintendent or designee.
- c. The adult directing and supervising the tour or trip is acceptable to the person in parental relation and the Superintendent.

Any educational trip for which prior approval is NOT obtained may be considered unexcused or unlawful. All make-up work must be completed within a period of time equal to the length of the approved trip, commencing with the first school day after the completion of the trip. If a student has already accumulated the following number of absences, he/she may be refused permission for excused family trips.

1st 9 weeks - 4 or more days
3rd 9 weeks - 4 or more days

2nd 9 weeks - 8 or more days
4th 9 weeks - 8 or more days

No more than ten (10) days of education trip requests per school year will be approved.

College visits/tours will be limited to 2 per school year. Students will need to bring proper documentation from the university/college for the absence to be excused.

STUDENT INFORMATION AND RESPONSIBILITIES

Student Records Information (Board Policy 216)

Penn Cambria High School follows the guidelines set by the Family Educational Rights and Privacy Act (FERPA) with regards to student records. This law requires that the district, with certain exceptions, obtain parental written consent prior to the disclosure of personally identifiable information from a child's education records.

However, the district may disclose "directory information" without written consent, unless a parent or guardian has advised the district to the contrary. Examples of directory information include but are not limited to the following: a playbill or program showing your student's role in a performance, an annual yearbook, the honor roll, a graduation program, a newspaper listing, a sports activity sheet.

Federal laws require that the district provide military recruiters, upon request, with names, addresses and telephone listings, unless parents have advised the district in writing that they do not want their student's information disclosed without their prior written consent.

If a parent does not want the Penn Cambria School District to disclose directory information without your prior written consent, you must notify the High School Principal in writing by **Monday, September 16, 2024**. Your written notification will be kept on file for one year.

Student Accident Insurance (Board Policy 211)

Parents will have the opportunity to purchase insurance coverage for injury resulting from accidents sustained by students. An independent insurance company, not the school district, will handle student accident insurance.

Dress Code (Board Policy 221)

Student dress and grooming are the responsibility of the student and parents, unless there is a safety or health hazard, a hindrance to the educational processes, or a case of obscenity. Enforcement of the Penn Cambria High School Dress Code will be the responsibility of the administration and/or professional staff. Clothing should be neat and appropriate for school in all cases. Articles of clothing, which are questionable in the minds of the parents, will undoubtedly be inappropriate. The Penn Cambria High School administration reserves the right to ban dress that may be considered inappropriate and is not specifically addressed in this handbook. The rule of common sense is clean, neat, and decent. This dress code applies while in school and at all school activities including activities at other schools.

Sexual Content in text messages (Sexting)

Individuals who send text messages with sexual content, such as images of themselves or others in various stages of undress, may be subject to criminal prosecution. Students in Pennsylvania have recently faced felony child pornography charges for the possession and distribution of nude cell phone images of themselves and/or others. Images containing sexual content, including various stages of nudity, of an individual under the age of 18 meet the legal definition of child pornography, the possession of which constitutes a felony.

Any student in possession of text messages with sexual content on school grounds will be subject to the disciplinary procedures as appropriate, up to and including expulsion where appropriate. Students participating in the taking or distribution of text messages with sexual content risk felony prosecution in addition to any District imposed penalties. *District officials recommend that any student who receives this type of image delete it immediately from their electronic device.*

Such offenses that occur on school property or during school sponsored activities also violate the district's Student Code of Conduct and District Policy. The following actions, at a minimum, will be taken by the administration:

- Student found in possession of such photographs or video will be subject to a 3-day suspension from school.

- Students found in possession of such photographs or video, who have also distributed the same will be subject to a 10-day suspension from school.
- Cell phones found in violation of the Student Code of Conduct will be confiscated and all inappropriate images will be destroyed.

Hall Passes

Students out of class for **ANY** reason must have used the electronic hall pass system to sign out of the classroom. Students are only permitted to go to the area to which they signed out to go and should only be excused from class for a reasonable amount of time to travel from place to place. Students found in an area for which they did not sign out are guilty of a pass violation (see discipline code).

Textbooks / Materials (Board Policy 224)

Students are responsible for any textbooks, equipment and materials supplied to them. Students must reimburse the district for the replacement cost of lost items.

Study Halls Guidelines

- Students will only be granted one period of study hall for one semester each year. Students are encouraged to try new courses and explore the electives that PCHS has to offer.
- Students must bring enough work with them to do to last the entire period. Magazines, books, puzzles, etc. are also permitted. NO playing cards or games of chance allowed.

- Students will be assigned seats and are expected to stay in these seats during the period.
- Students are not permitted to put their heads down or sleep during study halls.
- Students may not be excused from study hall to go to another room unless the student already has a signed pass for that period prior to entering study hall. Students may not be excused from study hall to obtain a pass.
- Students will be dismissed to the lavatory one at a time and the study hall monitor will record hall pass use.
- Teacher aides and study hall monitors have the same authority over students as teachers and should be treated with respect. Students wasting time in study hall will be considered disruptive to the education process and be disciplined accordingly.

Signs, Poster, and Distribution of Pamphlets (Board Policy 220)

Students may not hang any signs, posters, distribute any pamphlets or flyers, or create any displays on school property without the permission of the principal. The principal has the right to reject any materials that might interrupt the education process or intrude upon the rights of others.

Food and Drink

Open containers of food and/or drink are **NOT** permitted in the hallways or in lockers. Classroom teachers have authority over possession/consumption of food or drink inside their classrooms and will clearly communicate their expectations to students. Students who violate individual classroom rules will be subject to disciplinary action. When transporting closed containers,

they must be in clear containers; no coffee mugs, water bottles that are not clear, etc. An exception to this is food/drink that is purchased via the Breakfast Grab and Go Cart.

Cafeteria/Lunch Guidelines

- No running to the cafeteria for any reason. Students should walk with their class/teacher and not push/shove to get into the lunchroom quicker.
- Be respectful and polite – to the cafeteria workers, the custodial staff, and the lunch monitors.
- Make sure to clean up your mess once you have finished eating lunch – this means anything on the floor as well.
- No throwing food, mixing food, or otherwise making a mess for fun during the lunch period.
- Only a limited number of students will be permitted to the bathroom at any given time. Please return promptly and make sure to sign back in with the cafeteria monitor. *Students ARE NOT permitted to leave the cafeteria for any other reason other than to use the restroom, visit the office, or see the school nurse (with a pass) during their lunch period*

Students who cause disruptions in the cafeteria will be subject to disciplinary action and may be assigned an alternate seat for the rest of the school year.

Assemblies

Assemblies are sometimes scheduled to enhance and enrich the student’s educational experience. Students are expected to conduct themselves in a courteous manner during assemblies. Students may be assigned seats during assembly programs. Student misconduct during assemblies will result in a loss of assembly privileges for the remainder of the year as well as disciplinary action.

Field Trips

Students must obtain written parental permission to participate in school-sponsored field trips. Students will be responsible for following the same rules and will be subject to the same discipline as applies during the regular school day. If a student is in alternative education, he/she will not be permitted to participate in school-sponsored field trips. Students who have accumulated 20 or more days of absence during the school year may not be permitted to attend school-sponsored field trips. If a student has been suspended five (5) or more days of school, he/she may not be permitted to participate in school sponsored field trips.

Social Events / Class Trips (Board Policy 231)

Students attending class trips and school social events are responsible for following the same rules and will be subject to the same discipline as applies during the regular school program. If a student is in alternative education, he/she will not be permitted to attend class trips and/or school social events. If a student has been suspended five (5) or more days of school, he/she may not be permitted to participate in school sponsored events/trips.

HEALTH INFORMATION

Wellness Policy

Penn Cambria School District recognizes that student wellness and proper nutrition are related to students' physical well-being, growth, development, and readiness to learn. We are committed to providing a school environment that promotes student wellness. The Wellness Policy and information about how to participate on the Wellness Committee can be found on the district website under the Wellness link.

Health Measurements

All students in grades K-12 under Pennsylvania School Law, section 1402 (a) (3) of the Public School code, requires each child to be measured for height and weight with body mass index (BMI) for age percentile being calculated. This is done individually, and results are confidential. The results are required to be provided to you. A growth screening letter will be provided to you via Quarter 3 report cards each year. If you have any questions regarding this or any other school health issue, please call the school nurse at 886-8188.

Nursing Office

The Nurse's Office is located next to the main office in the High School. Students who are sick or injured during the school day will report to the Nurse's Office with a pass signed by a teacher or staff member. Students **must sign in and out** of the Nurse's Office every time they visit the nurse. *Students may not leave school due to illness, without first reporting to the school nurse or office. The school nurse must be the one calling home. A student cannot use their cell phone to call home because they are ill.*

Medical Emergency Form (Board Policy 209.1)

At the opening of every school year, each student will be given a "Medical Emergency Card" to be completed and returned to the school *as soon as possible*. This form could provide life-saving information in the case of an emergency. Disciplinary action may be taken if students do not return the Medical Emergency Card in a timely manner.

Medication (Board Policy 210)

When the use of medication is necessary during school hours, the following procedure is required. The medication must be taken immediately to the nurse's office at the beginning of the school day. A maximum of **30 days** medication may be brought to school by the student. Failure to report medication to the school nurse will result in suspension from school.

All medications, whether over-the-counter, prescription or herbal must have written instructions from a physician to be administered by the school nurse. In addition, a parent signature must be provided.

When the school nurse or health room aide is not at the school, students may not obtain over-the-counter medications in the school office.

Asthma Inhalers (Board Policy 210.1)

A student shall be permitted to possess asthma inhalers and epinephrine injectors and self-administer asthma and epinephrine medication with physician and parent authorization. A written request from the parent/guardian with an order from the physician must be on file along with an asthma care plan or emergency care plan. The parent/guardian must acknowledge that the district is

relieved of all responsibility for the benefits or consequences of the medication. The student must report to the nurse that an asthma inhaler was used and report directly to the nurse after self-administering epinephrine medication.

Health Examinations (Board Policy 209.1)

In compliance with the School Code, Penn Cambria requires students to submit to health and dental examinations to protect the student and the school community.

All students in grades K – 12 have a vision screening every school year. A hearing screening is conducted in grades K – 3, 7, & 11 along with all ungraded classrooms.

Students in **11th grade** are required to have a **comprehensive physical examination** on file with the school. At the end of 10th grade, every student will receive a Family Physician's Examination form, to be completed before the start of school. Any physical completed for sports, camps, driver's permits, college pre-admissions, etc. may be accepted when completed within the appropriate time frame by a medical health care provider (not an athletic trainer or chiropractor). If a private physical exam for is not received by spring, school physicals will be completed by our school physician.

STUDENT SERVICES

Student Drivers / Parking (Board Policy 223)

After receiving approval as described below, students have the privilege of driving to school. Student drivers must submit a *permission form* signed by their parent/guardian to the principal's office. Student drivers must show evidence of a *valid Pennsylvania driver license* and *no-fault insurance coverage*. All vehicles must be registered in the assistant principal's office as to *make, model and license number*.

Additional Parking Information:

Student parking for approved student drivers is available in the front, back, and side of the school in designated areas based on a first-come, first-serve basis. Students must fill out an application for a parking pass and pay a \$10.00 deposit. Student drivers are encouraged to back their cars into the spaces to allow for safer exit at dismissal. Additional student parking is also available in the overflow parking lot near the football field. Students parking in the overflow lot will not be dismissed from the lot until 2:45 PM to alleviate traffic issues. On school grounds, **BUSES ALWAYS HAVE THE RIGHT OF WAY!!!** Be courteous and safe!

Student driving privileges may be suspended or revoked for reckless driving, failure to follow the above policy, and for being late continuously to school. Students will not receive their deposit back if their pass is revoked. Non-registered vehicles or those parked in areas not designated for student parking will be towed at the owner's expense.

Students are **not permitted to drive to Vo-Tech without a permit** from the high school principal and the director of Vo-Tech. This permit is for the driver only. **He/She is not permitted to transport passengers!**

Bus Services and Conduct (Board Policy 810)

Misconduct on school buses is dangerous so regulations have been established for the safety of all. Students who violate them may be denied bus service. The bus driver is in charge of the bus and the students. Misconduct will be reported to an administrator.

Students are only allowed to get on or off the bus at the bus stop authorized for that student. A note signed by a parent or guardian and approved by the principal's office must be presented to the bus driver to get off at another stop. Students will be issued a bus pass after the note is approved to present to the appropriate bus driver.

Food Services

Penn Cambria Food Services provide both breakfast and lunch to students and staff daily. The cost of breakfast is \$1.30 for students. The cost of lunch is \$2.10 for students. Parents/guardians may choose to deposit money into a student account with the cafeteria so that students do not have to carry money with them to school. Parents may also check student food service accounts online by going to the district website.

Free and reduced-price lunch applications are available at the high school. Families that are eligible should apply for this program!

Guidance Services

Penn Cambria School Counselors are available to offer assistance and guidance to students to encourage educational and personal growth. The PCHS School Counselors are available to assist with planning for post high school employment and/or education. The Guidance Suite offers

students career counseling materials, study tips, standardized testing information, post-secondary education and training information, course selection guidelines, and information on topics affecting student well-being such as dealing with divorce, substance abuse, dating, bullying, making healthy decisions, and smoking. Students are encouraged to see their counselors for information and assistance when needed. Parents should contact the school counselors whenever they have questions or concerns as well.

Student Assistance Program (SAP)

Penn Cambria High School has a Student Assistance Team. The purpose of this confidential team is to identify students who are experiencing difficulty which is interfering in student achievement. SAP provides beneficial information and referrals to appropriate school and outside services. Such difficulties may be the result of attendance issues, behavior, substance abuse, depression, traumatic events, bullying, or any other issues that interfere with success in school. The purpose of SAP is to help students and parents receive appropriate services. It is **NOT** a disciplinary program, nor does it serve to punish students in any way.

Library Media Center

The high school library media center is well equipped to provide students with necessary materials and research tools to support course offerings and encourage literacy. Print materials, online subscription databases, Microsoft Office applications and Internet access are available for research and class assignments. Students may use library resources during study hall as available; however, preference is given to teacher-scheduled classes in the library. Students must always report to study hall or class first and bring a signed pass to the library to be admitted.

The library also provides students with FOCUS account information and keeps records of all computer Acceptable Use policies and network account information.

All library materials checked out by students become the responsibility of that student. The fine for overdue materials is **10 cents per school day**. Students who fail to return materials due to loss or theft will be charged a replacement cost.

Lockers

Lockers are provided for student convenience but are owned solely by Penn Cambria School District. Each student will be assigned a locker to use for storage of school materials. Students should exercise caution when placing valuable items inside of lockers as the school assumes no responsibility for items lost or stolen from lockers. Students may use their own lock, provided they turn in a spare key or combination to the office. Students are responsible to clean out their lockers before the last day of school.

Computers / Network Use (Board Policy 815)

All students and their parents/guardians must read and sign an Acceptable Use Policy to be granted access to high school computers and the district network. Copies of the policy are available online at www.pcam.org and in the high school library media center. Please read this document

carefully and return the signed signature page to the library media center. Upon receipt of signed policy, the student will receive a username and password that may be used for the duration of their high school career. Students may ONLY login to the computer network using their OWN username. It is equally important that students always remember to LOGOUT before leaving the computer to prevent others from gaining access to their account.

In general, *the computers and Internet access are intended for educational purposes!* Therefore, social networking sites, gaming web sites and social blog sites not related to the educational objectives of the school are prohibited! Examples of such sites include but are not limited to chat rooms, myspace, xangia, facebook, and game sites.

Also, students must respect the copyright laws and intellectual property rights of others. "Cutting and pasting" information from online sources is plagiarism and equates to cheating.

Students are given storage space on the district server (H: drive) on which they may store schoolwork, papers, and projects. This server is accessible from any computer in the school building.

The school reserves the right to inspect any user's computer, computer records or computer files at any time. Students violating the Acceptable Use Policy may be subject to loss of computer privileges and disciplinary action.

Working Permit

Students who are 14 -17 years of age and find employment may contact the high school office to apply for a working permit.

A parent or guardian must pick up the application in the high school office. Students must present either a birth certificate, baptismal certificate, driver's license, or other acceptable legal document showing date of birth. The form requires information from the parent, the school, the employer, and a physical examination by physician.

Students must be in attendance for a full school day before the prom. Students who have accumulated 20 or more days of absence during the school year may not be permitted to attend the prom. If a student has been suspended five (5) or more days of school, he/she may not be permitted to attend the prom. Students who have been suspended more than one time during the school year may not be permitted to attend the prom. If a student attends an alternative education program, they are ineligible to attend the prom. Also, attendees must serve all assigned detentions and pay all debts prior to the prom. A student may be refused permission to attend if they are not passing at least 3 classes at the time of the dance.

Other students may be permitted to attend as guests if invited by a member of the junior or senior class. 202-2025 Annual Public Notice of Special Education Services and Programs Services for Gifted Students and Services for Protected Handicapped Students

It is the responsibility of the Pennsylvania Department of Education to ensure that all children with disabilities residing in the Commonwealth, including children with disabilities attending private schools, regardless of the severity of their

disabilities, and who are in need of special education and related services, are identified, located, and evaluated. This responsibility is required by a federal law called the Individuals with Disabilities Education Act Amendments of 2004 (IDEA '04).

The IDEA '04 requires each state educational agency to publish a notice to parents, in newspapers or other media, before any major identification, location, or evaluation activity. The IDEA '04 requires this notice to contain certain information. Another federal law, the Family Educational Rights and Privacy Act of 1974 (FERPA), which protects confidentiality, requires educational agencies to notify parents annually of the confidentiality rights (FERPA regulations have been amended 9 times). Pennsylvania special education regulations require each school district to fulfill the IDEA '04 notice requirement by providing an annual public notice. To comply with the above requirements, following is the annual public notice for the Penn Cambria School District.

School districts are required by the IDEA '04 to provide a free appropriate public education to children with disabilities who need special education and related services. (Note: The duty to identify, locate, evaluate, and provide special education services to school-age individuals incarcerated in local correctional institutions rests with the school district within whose boundaries such an institution is located.) School age children who need special education and related services are identified as children with disabilities. These students have been identified as being in need of specially designed instruction and have one or more of the following physical or intellectual disabilities:

Autism

Emotional disturbance

Deafness

Hearing impairment

Specific learning disability

Intellectual disability

Multiple Disabilities

Other health impairment

Orthopedic Impairment due to chronic or acute health problems

Speech and language impairment

Visual impairment including blindness

Deaf-blindness

Traumatic Brain Injury

Developmental Delay

Early Intervention

The IDEA '04 requires the provision of a free appropriate public education to children with disabilities between 3 years of age and the school district's age of beginners. In Pennsylvania, a child between 3 years of age and the school district's age of beginners who has a developmental delay or one or more of the physical or intellectual disabilities listed above may be identified as an "eligible young child."

Eligible young children are afforded the rights of school age children with disabilities, including screening, evaluation, individualized education program planning, and provision of appropriate programs and services.

Potential signs of developmental delay and other risk factors that could indicate disabilities and the possibility that a child is an eligible young child could include: **By the age of 3:** not saying many words; not using 2 or 3 word phrases and sentences; not walking; awkward gait (walking); drooling; not able to answer "who" or "what" questions; not using utensil to feed self; **By the age of 4 (all of the above included):** not toilet trained; difficulty with directional words (in, on, under, out); not playing with other children; not able to draw a circle, cross or imitate a vertical line; not able to understand the child's speech most of the time; difficulty following simple two-step directions (pick up the paper and put it in the garbage); **By the age of 5 (all of the above included):** unable to answer "where" questions; unable to recall details from a story; not drawing a person with at least 6 parts; immature speech patterns (me instead of I); not able to hop forward with one foot without support; **Other warning signs-at any age:** Little or no eye contact; over/under sensitivities to pain, light, noise; hand flapping; no awareness of space-always bumping into other people or things;

awkward hand or foot positioning; won't touch or eat certain textures; child no longer can do things he/she used to do; developed normally, then stopped; echoes what is said; plays with toys inappropriately (watches wheels spin on the car but doesn't play with the car).

The Pennsylvania Department of Education is responsible for providing programs and services to eligible young children under Act 212 of 1990, the Early Intervention Services System Act. The Intermediate Unit 8 provides programs and services to eligible young children on behalf of the Pennsylvania Department of Education. For more information, contact the IU8 Preschool Office at (800) 228-7900.

Screening

Intermediate Unit 8 and Penn Cambria School District has established and implemented procedures to locate, identify, and evaluate students and young children suspected of being exceptional. These procedures include screening activities which include but are not limited to: review of group-based data (cumulative records, enrollment records, health records, and report cards); hearing screening (at a minimum of kindergarten, special ungraded classes, first, second, third, seventh, and eleventh grades); vision screening (every grade level); motor screening; and speech and language screening. In schools which have a Pre-Referral, Child-Study, Early Intervening or Instructional Support Team, the above screening activities may lead to consideration by the teams to move the next level of screening activities.

Intermediate Unit 8 and each school district has an established annual schedule to conduct screening activities. The screenings are conducted at specific times during the school year in designated school buildings and community sites. Screening may also be conducted in the student's home school unless other arrangements are necessary. **Parents, guardians or surrogate parents may contact their local school district or Intermediate Unit 8 contact person if they wish to learn more, have questions, believe their child may need to be identified or to obtain specific information about the times and locations of screening activities.** The contact person is listed at the end of this notice.

Except as indicated above or otherwise announced publicly, screening activities take place in an ongoing fashion throughout the school year. Each educational agency has a system for annually evaluating the effectiveness of its screening process.

Evaluation

When screening indicates that a student may be a child with a disability, the school district will seek parental consent to conduct an evaluation. Evaluation means procedures used in the determination of whether a child has a disability and the nature and extent of the special education and related services that the child needs. The term means procedures used selectively with an individual child and do not mean basic tests administered to or procedures used with all children.

This evaluation is conducted by a multidisciplinary team (MDT) that includes the parent and a group of qualified professionals. The process must be conducted in accordance with specific timelines and must include protection-in-evaluation procedures. For example, tests and procedures used as part of the evaluation may not be racially or culturally biased.

The evaluation process results in a written evaluation report. This report specifies a student's eligibility for special education based on the presence of a disability and the need for specially designed instruction. The evaluation report also makes recommendations for educational programming. Once parental consent for evaluation is obtained, the school district has timelines and procedures specified by law which it must follow.

Parents who think their child is exceptional may request that the school district conduct an evaluation. This request should be made in writing to the contact person in the accompanying listing. If a parent makes an oral request for an evaluation, the school district shall provide the parent with a form for that purpose. Pre-Referral, Child-Study, Early Intervening, or Instructional Support Team activities do not serve as a bar to the right of a parent to request, (at any time, including prior to or during the conduct of instructional support activities, an evaluation.)

Parents also have the right to obtain an independent educational evaluation. The school district must provide to parents, on request, information about where an independent educational evaluation may be obtained. Under certain circumstances, such an independent educational evaluation may be obtained at public expense.

Educational Placement

The IEP team develops a written education plan called an IEP. The IEP is based on the results of the evaluation. Required members include at least one regular education teacher of the child (if the child is, or may be, participating in the regular education environment), at least one special education teacher, or where appropriate, at least one special education provider, a local educational agency, the child, whenever appropriate, or beginning at age 14. Parents may agree, in writing, to excuse a team member or members.

An IEP describes a student's current educational levels, goals, objectives (when required), and the individualized programs and services that the student will receive. IEP's are reviewed on an annual basis. The IEP team will make decisions about the type of services, the level of intervention, and the location of intervention. Types of services include:

1. Autistic Support
2. Blind and Visually Impaired Support
3. Deaf and Hard of Hearing Support
4. Emotional Support
5. Learning Support
6. Life Skills Support
7. Multiple Disabilities Support
8. Physical Support
9. Speech and Language Support

Level of support options include:

- * Itinerant – Special Education supports and services provided by special education personnel for 20% or less of the school day.
- * Supplemental – Special Education supports and services provided by Special Education personnel for more than 20% but less than 80% of the school day.
- Full-time - Special Education supports and services provided by Special Education personnel for 80% or more of the school day.

Placement must be made in the least restrictive environment in which the student's needs can be met with special education and related services. All students with disabilities must be educated to the maximum extent appropriate with children who are not disabled.

Services for Protected Handicapped Students

Students who are not eligible to receive special education programs and services may qualify as “protected handicapped” students and therefore be protected by other federal and state laws intended to prevent discrimination. The school district must ensure that “protected handicapped” students have equal opportunity to participate in the school program and extracurricular activities to the maximum extent appropriate for each individual student. In compliance with state and federal law, the school district will provide to each protected handicapped student without discrimination or cost to the student or family, those related aids, services or accommodations needed to provide equal opportunity to participate in and obtain the benefits of the school program and extracurricular activities to the maximum extent appropriate to the student's abilities. In order to qualify as a protected handicapped student the child must be of school age with a physical or intellectual disability that substantially limits or prohibits participation in or access to an aspect of the school program.

These services and protections for "protected handicapped" students may be distinct from those applicable to exceptional or thought-to-be exceptional students. The school district or the parent may initiate an evaluation if they believe a student is a protected handicapped student. For further information on the evaluation procedures and provision of services to protected handicapped students, parents should contact the Special Education Contact listed at the end of this notice.

Services for Mentally Gifted Students

While Mentally Gifted is not included under the IDEA 2004, the Pennsylvania State Board of Education's regulations as set forth in Chapter 16, Special Education for Gifted Students, provide that gifted students are considered to be children with exceptionalities and are in need of specially designed instruction. Penn Cambria School District will conduct public awareness activities to inform the public of gifted education services and programs and the manner by which to request these services and programs throughout the school year. These awareness activities shall be designed to reach all parents of students living within the Penn Cambria School District via the local newspapers, student handbooks, and on the school district website.

Screening

Penn Cambria School District conducts an annual search for students that may potentially be gifted. This search is conducted yearly, however at any time teachers from grades K through 12 may make a request to have a student screened or evaluated for gifted eligibility. At any time throughout the school year, a parent may also request in writing to the special education director for a child to be evaluated to determine eligibility as a mentally gifted student. A parent may only request to have the child evaluated one time per school term. The school district shall determine the student's needs through a screening and evaluation process which meets the requirements of Chapter 16.

Gifted Multidisciplinary Evaluation

For students who are potentially mentally gifted students, the district will take the following steps:

1. Conduct the Gifted Multidisciplinary Evaluation
2. Compile a Gifted Written Report
3. Convene a Gifted Individualized Education team meeting to determine whether the student is gifted; and,
4. Develop a Gifted Individualized Education program if the student is determined to be a mentally gifted student.

Program Model

Penn Cambria School District implements an inclusive model for Gifted Education across all grade levels. Please contact the special education director if you need additional information about evaluation and programming for mentally gifted students.

Confidentiality

Each school district protects the confidentiality of personally identifiable information in accordance with the Family Educational Rights and Privacy Act of 1974 (FERPA) and other applicable federal and state laws, policies, and regulations. Education records means those records that are directly related to the student, including computer media and videotape, which are maintained by an educational agency or by a party acting for the agency. Educational agency, for purposes of this notice, means the local school district and/or the Intermediate Unit 8. For all students, the educational agency maintains education records that include but are not limited to:

- Personally identifiable information - confidential information that includes, but is not limited to, the student's name, name of parents and other family members, the address of the student or student's family, and personal information or personal characteristics which would make the student's identity easily traceable.

· Directory information - information contained in an education record of a student which would not generally be considered harmful or an invasion of privacy if disclosed. It includes, but is **not limited** to, the student's name, address, telephone number, date and place of birth, major field of study, participation in officially recognized activities and sports, weight and height of members of athletic teams, dates of attendance, degrees and awards received, and the most recent previous educational agency or institution attended.

The Family Educational Rights and Privacy Act (FERPA) affords parents and students over 18 years of age certain rights with respect to the student's education records. They are:

1. Parents have the right to inspect and review a child's education record. The educational agency will comply with a request to inspect and review education records without unnecessary delay and before any meeting regarding an IEP or any due process hearing, but in no case more than 45 days after the request has been made. Requests should be submitted in writing, indicating the records the parents wish to inspect, to the school principal or other appropriate school official. Parents have the right to a response from the educational agency to reasonable requests for explanations and interpretations of the records. Parents have the right to request copies of the records. While the educational agency cannot charge a fee to search for or to retrieve information, it may charge a copying fee as long as it does not effectively prevent the parents from exercising their right to inspect and review the records. Parents have the right to appoint a representative to inspect and review their child's records. If any education record contains information on more than one child, parents have the right only to inspect and review the information relating to their child.
2. If parents think information in an education record is inaccurate, misleading, or violates the privacy or other rights of their child, they may request amendment of the record. Requests should be in writing and clearly identify the part of the record they want changed and specify why it is inaccurate or misleading. The educational agency will decide whether or not to amend the record and will notify the parents in writing of its decision. If the educational agency refuses to amend a record, it will notify the parents of their right to a hearing to challenge the disputed information. Additional information regarding the hearing procedures will be provided to the parents or student when notified of the right to a hearing.
3. "Destruction" of information means physical destruction or removal of personal identifiers so the information is no longer personally identifiable.

Whenever information is no longer needed to provide educational services to a child or six (6) years after graduation, the information in their education record will be destroyed by the educational agency, if there is not a current request to inspect and review or a request for copies. However, a permanent record of a former student's name, telephone number, grades, achievement, attendance, classes attended, grade level completed, year completed, Evaluation/Re-evaluation Reports, last three (3) IEP's, and last Notice of Recommended Educational Placement may be maintained in an electronic form without time limitation.

Information no longer needed to provide educational services must be destroyed if requested by a parent. However, a permanent record of a student's name, address, phone number, grades, attendance, classes attended, grade level completed, year completed may be maintained in an electronic form without time limitation.

4. The educational agency will provide, upon request, a listing of the types and locations of education records maintained, the school officials responsible for these records, and the school personnel authorized to see personally identifiable information. Such personnel receive training and instruction regarding confidentiality. The educational agency keeps a record of parties obtaining access to education records, including the name of the party, the date access was given, and the purpose for which the party is authorized to use the records.
5. Parents have the right to consent to disclosures of personally identifiable information contained in the student's education records, except to the extent that FERPA authorizes disclosure without consent. "Consent" means: the parent(s) have been fully informed regarding the activity requiring consent, in their native language or other mode of communication; they understand and agree in writing to the activity; and they understand that consent is voluntary and

may be revoked at any time. Information may be disclosed without consent to school officials with legitimate educational interests. A school official is a person employed by the District as an administrator, supervisor, instructor, or support staff member (including health or medical staff and law enforcement unit personnel); person or company with whom the educational agency has contracted to perform a special task (such as an attorney, auditor, medical consultant, or therapist); or a parent or student serving on an official committee, such as a disciplinary or grievance committee, or assisting another school official in performing his or her tasks. A school official has a legitimate educational interest if the official needs to review an education record in order to fulfill his or her professional responsibility.

Directory information may be released without parent consent unless the parent has exercised their right to opt out of disclosure of directory information. Parents have the right to refuse to let an agency designate any or all of the above information as directory information.

Upon request, the educational agency discloses education records (including disciplinary records) without consent to officials of another school district in which a student seeks or intends to enroll.

6. Parents have a right to file a complaint with the U.S. Department of Education concerning alleged failures by an educational agency to comply with the requirements of FERPA. Complaints may be filed with the Family Policy Compliance Office, U.S. Department of Education, 400 Maryland Avenue, S.W., Washington, D.C. 20202-4605.

7. NDAA of 2002 also requires districts to give military recruiters the same access to secondary school students as provided to postsecondary institutions or to prospective employers; and provide students' names, addresses, and telephone listings to military recruiters, when requested, unless a parent has opted out of providing such information.

Mode of Communication

The content of this notice has been written in straightforward, simple language. If a person does not understand any of this notice, he or she should contact the school district or Intermediate Unit 8 and request an explanation.

The educational agency will arrange for an interpreter for parents with limited English proficiency. If a parent is deaf or blind or has no written language, the educational agency will arrange for communication of this notice in the mode normally used by the parent (e.g., sign language, Braille, or oral communication).

Rights Under the Protection of Pupil Rights Amendment (PPRA)

PPRA affords parents certain rights regarding the conduct of surveys, collection and use of information for marketing purposes, and certain physical exams. These include the right to:

Consent before students are required to submit to a survey that concerns one or more of the following protected areas ("protected information survey") if the survey is funded in whole or in part by a program of the U.S. Department of Education (ED)—

Public Notice**

Education Rights of Children and Youth that are Homeless

This public notice provides information about the rights of children, youths, and unaccompanied youth that are homeless to attend a public school or public charter school. An unaccompanied youth is a youth that does not live with a parent or guardian. This notice includes information to help you know if you or someone you know is considered homeless and is eligible for services from our school district. Children or youths that are homeless have rights that include the right to

attend public schools. If you need assistance understanding this letter or need an interpreter, please tell us and we will assist you.

Our school district actively enrolls and provides services for children and youth that are homeless. If you are homeless or know of a child, youth, or unaccompanied youth that may be homeless, please contact the person listed here for help.

District Liaison: Kayla Galebach, District Social Worker/Homeless Liaison
District Address: 205 6th Street Cresson, PA 16630

Phone: (814) 886-8188

• *Who is "homeless"?* Children or youth (including children of migrant workers) who lack a fixed, regular, and adequate nighttime residence are homeless. Fixed means the home is connected to the ground and is not easy to move. Regular means a place where the child sleeps every night. Adequate means the home meets modern standards of living. Children who are sharing someone else's housing because they lost theirs or because they cannot afford their own housing are homeless.

Children and youths who are homeless may be living in: motels, hotels, trailer parks (this does not refer to a mobile home (trailer) park, this refers to a type of camping ground for fifth wheel camper trailers or other types of movable campers), camping grounds because they do not have an adequate home, emergency, or transitional shelters, or are abandoned in hospitals.

Children and youth who are homeless may have a place they usually sleep that is public or private place not meant to be a regular place for people to sleep. They may also be living in: cars, parks, public spaces, abandoned buildings, substandard housing (housing that does not meet modern standards of living), bus or train stations, or other similar settings.

If you are not sure, please contact the person listed on this notice.

• *What are the education rights of children and youth that are homeless?* Our schools provide the same educational services to all students without regard to their living situation. Children and youth who are homeless also have rights that include: Based on what is best for the child or youth, the child or youth can continue to attend the "school of origin" or be immediately enrolled in any public school where the student now lives. This includes any school that students who are not homeless attend that is in the area where the child or youth now lives.

- o Being given services without delay, such as transportation and meal programs
- o Other appropriate services and programs, such as programs for: gifted children, children with disabilities, English learners, career and technical education, and preschool.
- o Help in school through the district's federally funded Title I program. A student that is homeless can receive Title I services even if the student is not attending a Title I funded school.
- o School activities for parents or guardians.
- o Participation in athletics, fine arts, or other extra-curricular activities.
- o Being treated the same as students who are not homeless by school personnel.

• *What is the "school of origin?"* 'School of origin' means the school the child or youth attended before becoming homeless or the school the child or youth last attended, including a preschool. When the child or youth completes the final grade level of a school of origin, then 'school of origin' means the school the child or youth would attend at the next grade level. The district must consider what is best for the child or youth when deciding about which school the student will attend. Placement at the school of origin must be a choice unless doing so is not what is best for the student or is against the wishes of the parent, guardian, or unaccompanied youth.

• *What if there is a disagreement about school placement?* If the district places a student in a school that is not the school of origin or a school requested by the parent, guardian, or unaccompanied youth, then the parent, guardian, or unaccompanied youth may appeal (ask to change) the placement decision. The student will be immediately enrolled in the school that the student or parent asked for while an appeal is being considered. The district homeless liaison listed on this notice will provide information and assistance to appeal a placement decision.

No Child or Youth Should Be Denied Access to a Free and Appropriate Public Education
